/ Question Information for Loan Covered by Other Savings

Loan Covered by Other Savings is asked directly after **Type of Mortgage**. This is so the question can act as a check (especially for those with INTERETJT ONLY mortgages) to help ensure that **Type of Mortgage** has been correctly coded. For example, the respondent may hav(t)-[described their mortgage as an 'Endowment mortgage' (code 1). At **Loan Covered by Other Savings** they mention that they are also making payments into an ISA which they intend to use to repay their mortgage when it matures. This means that they hav(t)-[more than one inv(t)-[stment or savings scheme linked to their mortgage, so at **Type of Mortgage** they should really hav(t)-[been coded as 'an interest

Examples include the One account (RBOS), a Woolwich Open Plan or some other all-in-one account.

Adult health questions

Four questions about how satisfied the respondent is with different aspects of their well-being were introduced for the 2014-15 FRS survey year. They are being asked on a number of other large surveys.

These questions can be quite sensitive to ask, so they will not be asked by proxy.

Answers should be given on a scale of 04(so t)-10.
