ICVC / OEIC

Investment Companies with Variable Capital (ICVC) and Open Ended Investment Companies (OEIC) should be cor.00.r.00 as Unit Trusts/ Investment Trusts. ICVCs replaced OEICs and there is little difference between Unit Trusts and the new ICVCs apart from the structure of the fund and the fact that ICVCs have a single price rather than a

bonds and other loans are typically paid half-yearly, net of tax. The value of these holdings is their current price on the financial market.

Note: if held in a PEP or ISA, then code under **ISA**.

Note: A few investors may hold stocks and shares that cannot be publicly traded, e.g. in 'private' companies not listed on the Stock Exchange. If this is the case then enter the price of the investment and the date of purchase at FRS ‘Assets’ questions.

Fixed Rate Savings Bonds/FIRST Option Bonds/ Guaranteed Income Bonds/ Guaranteed Growth Bonds (NS&I)

FIRST Option Bonds were replaced with Fixed Rate Savings Bonds in 1999. People who held FIRST Option Bonds from before October 1999 can keep them and receive interest at the rate for a one year Fixed Rate Savings Bond. Fixed Rate Savings Bonds can be purchased with the interest guaranteed for 1, 3 or 5 years. Interest can be credited annuall10(r) or monthl10(r) and is paid into a bank or building society account or added to the value of the bond. The minimum holding is £500 and the maximum holding is £1 million. For the FRS it is important to obtain the month and year of purchase, the issue, the value, the length of period (1, 3, 5 years) and whether or not interest is0(r) paid monthl10(r) or accrued to the bond.

In Februar10(r) 2008, Fixed Rate Savings Bonds were re launched as two distinct investments0(r), the Guaranteed Income Bond and the Guaranteed Growth Bond. People
