The FRS data is linked to administrative data held by the Department for Work and Pensions (i.e. by matching individuals in the FRS dataset with data held about them in DWP administrative data). Being able to combine FRS and DWP administrative data reduces the number of questions that have to be asked in the survey. It also enables

2. Supported housing

on f t

Question ***HBenefit*** now asks whether Housing Benefit (HB) *or* Universal Credit (UC) is claimed to help pay with rent (until now, respondents were only asked if Housing Benefit was received).

If in arrears, enter amount last paid but open a Note and give the date of payment (and say if an extra amount is included to pay towards the arrears).

If rent includes an element for the business part of the property (eg. a shop beneath a flat), and the amount for the residential part cannot be determined, enter 'DK' at 'Rent'.
